Project Name	Smart Fashion Recommender Application

The screenshot shows the IBM Watson Assistant console interface. The left sidebar contains navigation options: Actions, Variables, and Saved responses. The main area displays a table of actions created by the user.

Name	Last edited	Examples Count	Status
Hello	5 minutes ago	2	Success

At the bottom of the table, it indicates 'Items per page: 50' and 'Showing 1-1 of 1 actions'. A 'Preview' button is located at the bottom right of the table.

The screenshot shows a web chat interface for a virtual assistant. The chat window is overlaid on a background image of a clothing store. The chat text says: "Hi! I'm a virtual assistant. How can I help you today?". Below the text are three example prompts: "Hello", "Example: Check account balance", and "Example: See how I can help". A text input field at the bottom is labeled "Type something...". The chat window is built with IBM Watson.
