

Developing a ChatBot

Building a chatbot and Integrate to application

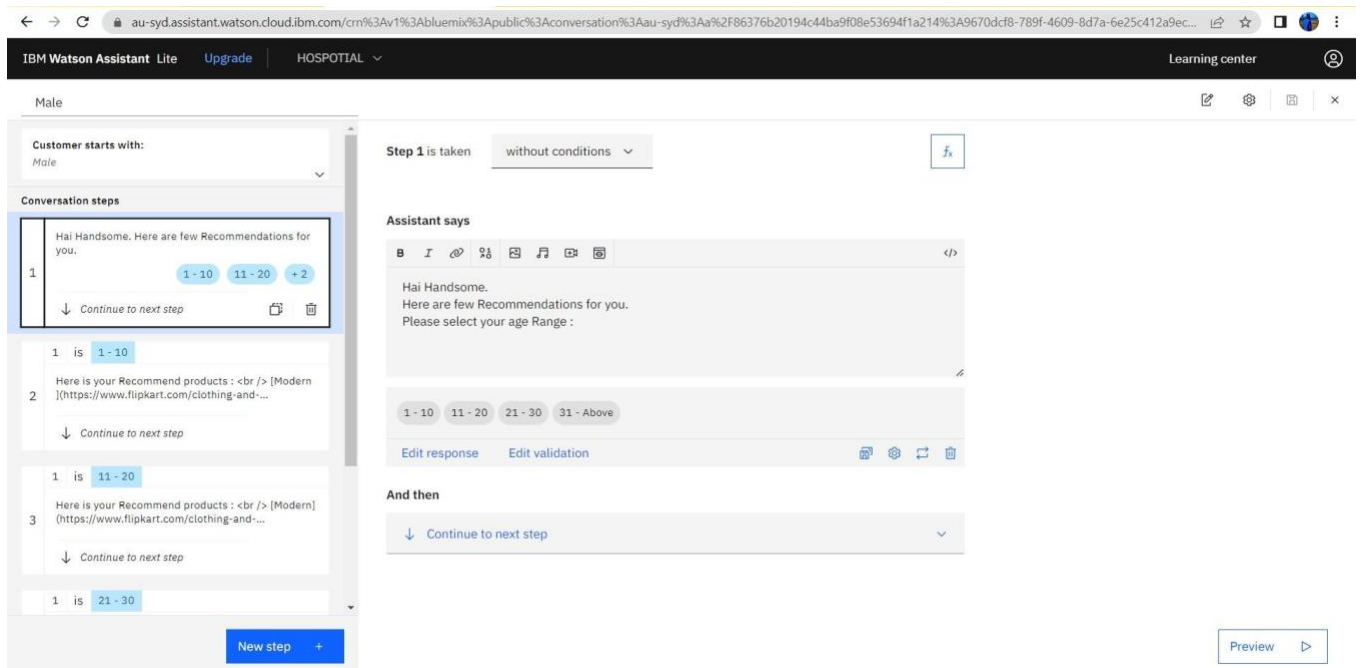

Building a chatbot

The screenshot shows the IBM Watson Assistant interface, specifically the 'Actions' section. The left sidebar contains a menu with 'Actions' (selected), 'Variables', and 'Saved responses'. Under 'Actions', there are sub-menus for 'Created by you', 'Set by assistant', and 'Set by integration'. The main area displays a table of actions created by the user.

Name	Last edited	Examples Count	Status
Hai	2 hours ago	1	✓
Male	38 minutes ago	1	✓
Female	21 minutes ago	1	✓

At the bottom of the table, it says 'Items per page: 50' and 'Showing 1-3 of 3 actions'. There is a 'New action' button in the top right corner and a 'Preview' button at the bottom right.

The screenshot shows the IBM Watson Assistant interface, specifically the 'Conversation steps' editor. The left sidebar shows the 'Conversation steps' menu. The main area displays a list of conversation steps. The first step is selected, showing its details.

Customer starts with: Male

Conversation steps:

1. Hai Handsome. Here are few Recommendations for you. (1-10, 11-20, +2)
2. Here is your Recommend products :
 [Modern] (https://www.flipkart.com/clothing-and-...)
3. Here is your Recommend products :
 [Modern] (https://www.flipkart.com/clothing-and-...)

Step 1 is taken without conditions

Assistant says:

Hai Handsome.
Here are few Recommendations for you.
Please select your age Range :

1 - 10 11 - 20 21 - 30 31 - Above

And then:

Continue to next step
